MEETING CANCELLED
THERE WILL BE NO PLAN COMMISSION MEETING
FOR THE VILLAGE OF ROCHESTER

Our foremost priority is to protect the health and safety of Rochester's residents and employees from coronavirus.

With the rapid changes caused by COVID-19, the Village of Rochester has triggered some actions in response to the virus.

We have made a decision to cancel all remaining public meetings scheduled for the month of March.

The more people that come through the doors of the Village Hall increase the risk to those individuals as well as the possibility of compromising our staff. We are actively working to make sure that we limit exposure to our employees who need to be available for essential services.

We promise continued regular communication with the public. In addition to the directives being given by our health department, our health professionals are in close contact with federal and state officials, and will share information from those organizations as warranted.

This is a rapidly changing situation and we appreciate your support and understanding at this time.
